Patan Baba Shoyub Khan

7330734080 shoyub.khan01@gmail.com Shoyub Khan Shoyub Portfolio

Professional Summary

Computer Science graduate from VIT Vellore with hands-on experience in full-stack engineering, RESTful APIs, and microservices using Java, Python, Spring Boot, FastAPI, and React. Skilled in database persistence, automated testing, and Spec-Driven Development to build scalable, maintainable software systems.

Education

Vellore Institute of Technology, Vellore, Tamil Nadu **Sep 2022 – May 2026**
B.Tech in Computer Science and Engineering, CGPA: 8.58

Narayan Junior College, Tirupati, Andhra Pradesh **Aug 2020 – Jul 2022**
Intermediate (Class 12th), Percentage: 91.3%

Narayana High School, Piler, Andhra Pradesh **Aug 2019 – May 2020**
10th Standard (SSC), Percentage: 96.8%

Experience

Quantiphi **Jul 2026 – Present**
Software Development Engineer Intern *Bengaluru, Karnataka*

- Developed **RetailCo Warehouse & Fulfilment System**, a full-stack platform managing inventory, orders, payments, and shipments.
- Built scalable REST APIs using FastAPI, SQLAlchemy, and Pydantic for core application logic, schema validation, and persistence.
- Engineered a responsive React single-page application using Vite and Fetch API for seamless client-server interaction.
- Applied service-layer architecture and SOLID principles; adopted Spec-Driven Development (SDD) for OpenAPI documentation.
- Implemented automated testing with Pytest and configured GitLab CI pipelines for continuous validation and quality checks.

Technical Projects

Real-Time Chat Application | *MERN Stack, RabbitMQ, Microservices, Socket.IO, Redis, AWS* **GitHub**

- Built a real-time chat application using the MERN stack, enabling seamless private and group messaging with instant updates through Socket.IO-based WebSocket connections.
- Integrated Redis pub/sub as a Socket.IO adapter to synchronize events across multiple server instances, ensuring consistent communication and improving system scalability under high user load.
- Designed a microservices architecture with RabbitMQ for asynchronous message handling, ensuring reliable delivery, supporting offline notifications, and reducing dependency between services.
- Containerized all services using Docker and deployed the application on AWS, streamlining the deployment process and reducing setup time from 25 minutes to 10 minutes through automation.

Quiz Microservices Platform | *Java, Spring Boot, REST APIs, PostgreSQL, JPA/Hibernate, Netflix Eureka, OpenFeign* **GitHub**

- Built a backend-focused quiz platform using a microservices architecture with separate services for API Gateway, Quiz Service, Question Service, and Service Registry.
- Developed RESTful APIs for quiz creation, question retrieval, and score calculation, ensuring clear separation of responsibilities across services.
- Integrated PostgreSQL with JPA/Hibernate for efficient data persistence and structured storage of questions and quiz data.
- Implemented service discovery using Netflix Eureka and enabled inter-service communication using OpenFeign, ensuring smooth and dynamic interaction between services.

Technical Skills

Programming Languages: Python, Java, SQL, JavaScript
Backend Development: Spring Boot, FastAPI, Node.js, REST APIs, Flask, SQLAlchemy, Pydantic
Frontend Development: React.js, HTML5, CSS3, JavaScript, Vite
Databases: PostgreSQL, MySQL, MongoDB, Redis, SQLite
Cloud & DevOps: Google Cloud Platform (Cloud Run, Cloud SQL), Docker, Git, GitHub, GitLab CI
Development Practices: Spec-Driven Development (SDD), Agile Methodology, Microservices Architecture, Pytest
Tools: VS Code, Postman

Relevant Coursework

- Data Structures and Algorithms
- Database Management Systems
- Object-Oriented Programming
- Operating Systems
- Computer Networks
- Software Engineering

Certifications

- **Associate Cloud Engineer Certification** | Google — Sep 2026
- **Claude Certified Developer – Foundations** | Anthropic — Sep 2026
- **Professional Cloud Architect Certification** | Google Cloud — Nov 2026
- **Microsoft Certified: Azure AI Fundamentals** | Microsoft — Aug 2024

Achievements & Leadership

- Represented **Andhra Pradesh State Team** in 63rd and 64th **National School Games (U-14 SGFI Cricket)**, demonstrating teamwork and leadership.
- **Senior Core Committee Member, Soft Computing Research Society (VIT Chapter)**: Organized 5+ technical workshops on web and software development, mentoring 100+ students.
